

13th World Squash Refereeing Conference

Paderborn, Germany, 19/20 August 2011

Introduction

The Conference is aimed at experienced National and Regional Referees who aspire to become WSF Referees. Clearly there are advantages in the attendance of existing WSF referees as the Conference will provide a refresher/update and all attendees will have the opportunity to participate in discussions, both formal and informal, with a leading PSA member who will present player views.

Programme

The content has been arranged so that the second day contains the issues most relevant to the World Men's Team event which follows. Therefore those officiating at this event should make every effort to attend the conference, at least for all or part of the second day.
